Subject: Request to Circulate Guidelines & SOP for IoT Integration of Soil Test Equipment Manufacturers

Respected Sir,

We have consolidated the list of soil testing equipment manufacturers used for generating soil health cards, which is enclosed in the Annexure of this letter. In light of this, we kindly request your office to circulate the necessary guidelines and Standard Operating Procedures (SOP) for the IoT integration of these soil testing devices.

Your support in this regard will be essential to initiate discussions with equipment manufacturers for integration of equipment supplied by these manufacturers with the Soil Health Card (SHC) portal under Phase 1.

We look forward to your cooperation in facilitating this process.

Sincerely,

For KLONEC AUTOMATION SYSTEMS PVT. LTD.
