WEB APPLICATION SECURITY AUDIT COMPLIANCE

Site Name	:	Soil Health Card
Site URL	:	https://soilhealth.dac.gov.in/
Testing/Staging URL	:	http://35.244.12.167:443/admin/ http://35.244.12.167:443/admin/schoollogin http://35.244.12.167:443/admin/privateuser/login
Environment Details	:	React JS
Audit Start Date	:	06/03/2024
Audit End Date	:	05/08/2024
Date of Issue	:	23/12/2024
Validity	:	1 year
Audit Performed by	:	KPMG

The above site has undergone Security Audit against OWASP standard and has been found safe from known web vulnerabilities. A detail report has been submitted having all aspects of the security audit. This letter should be read in conjunction with the report to understand all aspects.

The final security audit was conducted on staging/testing area with the temporary site URL mentioned above.
Based on final testing report and after meeting the following recommendations, Site may be hosted with the permission of read only for the general public.

1. The complete website should be deployed over SSL using TLSv1.3 stable version. All weak SSL cipher suites should be disabled.
2. Secure flag should be configured on the cookies.
3. Secure Transport Security Header should be implemented.
4. Web server and OS Level hardening need to be in place for the production server.
5. All the software components used in the application should be of latest and stable version.

This is valid for the period during which the assessment was carried out and is based on the information and the state of website contents provided for final level audit. Projection of any conclusions based on our findings for future periods and application versions is subject to the risk that the validity of such conclusions may be altered because of changes made to the application or system or the failure to make the changes to the system when required.
